—The really sensible shades, but such colors usually require a brightening touch of some sort, and this is found in the new vests, or in the pretty blouses worn with these new suits.

—Braid and buttons, and in some cases hand embroidery, have been called in to make them more ornate, and the elaborate styles are very popular this spring.

—New models are in these varied styles:

New box coat suits
Semi-box coat suits
Blouse coat suits
New belted coat suits
Plain tailored coat suits

—Serges, and particularly the U. S. serge, are quite extensively used for the new spring styles. Other materials are tricoots, Poret twills, silvertones and pin stripe suitings.
