Turks Kill Officers and Massacre Villagers.

Church Defiled and Women and attendance. Property Carried Off.

TEHERAN, Aug. 26.—General Samsam Dowlon and other Persian officers, according to reports received here, have been killed by the invading Turks, after having been taken prisoners. Many Inoffensive Persian villagers, including women and children, have been slaughtered, a number of women have satisfaction, a church has been de-filed, and considerable grain and other property has been taken or destroyed. Turkish regular troops, with artiliery, were within four miles of Urumiah August 15. There are no signs of the withdrawal of Turks from Persian ter-effory.

ritory.

Another report says that the Turks have occupied Merivan, in Persian Kordestan. In a telegram asking help the clergy and inhabitants of Merivan add that if the Persian government is powerless the people must beg kussla to assist them.

DEATH OF DENNIS W. SHEEHAN Sucrumbs to Stroke of Apoplexy While Bathing at Easton's Beach With His Family,

A death at Easton's beach vesterday oon east a pall over the pleasures there, Mr. Dennia W. Shechan of this city was stricken with apoplexy while in the water and died almost immediately, though few were aware that he was dead until his body had been taken into the pavilion, where a visiting priest on the beach was soon in

Mr. Sheehan, together with his wife and some of the children, had taken a brief bath and Mrs. Sheekan had retired to her bath house. Little Marretired to her bath house. Little Margaret wanted to go in the water again, and her faher took her in. They had just gone in at the west and of the beach, somewhat separated from the mass of bathers, when Mr. Shochan, while in shallow water, settled down to his knees and the firth eight such as the same water. to his knees and the fittle girl ran to her mother's house and told that her father had a cramp in his foot. Itathers went to his ansistance as he fell face downward in the water, and brought him out on the sand, while the life savers who had been further up the beach began their work of recessitation, supposing that he had swallowed a quantity of water. While they were at work Medical Examiner Stewart, who was on the beach, ordered that he be taken into the partilion, having from his examination determined that Me was already become acquaint. Some had already become acquaint during the true situation and had been able to hurry airs. Shechan home beter mother's house and told that her

able to hurry Mrs. Sheelan home be fore she could learn the truth, an then she was surrounded by friend who broke it to her as gently as nos stale.

wuges for color mixers and block cutters, men who cut the designs in wood blocks, and the result was the mannfacture of fast colors. It is said that one firm in New York paid its color mixer \$60,000 a year, and be bud as an assistant. Its son, who drew \$15,000 a year sashary, and they only worked sight menths in a year at that. Designers and entiters received \$8 a day, Color mixers soon discovered that arsenic produced the most beautiful green for printing wall papers and its as a quickly became general. It was not long before its poisonous effects were discovered, the paperhangers beling the first to suffer from It.

Thysicians have reported many cases of arsenical poisoning from wall paper and only a few months ago the newspapers printed a story about an illinois farmer who lost three wives in three years by death, the cause of which was found to be the arsenic in the parlor wall paper. According to the story the women were taken ill immediately after the spring house cleanlog, during which the wall paper in

sans. General knowledge of the finnger oracid anowings of the mager-ous properties of green wall paper caused a falling off in the domaind and dealers acon stopped buying it, with the result that the manufacturers, to a large extent, abandoned the use of arsenic, so that toway there is very little of this kind on the market.
