DANGERS OF DYSPEPSIA

are many and great. In fact, it is

generally recognised that this distressing disorder is the root cause of most of the minor ailments and some of the serious maladies which beset humanity. The reason of this will be at once apparent when it is remembered that dyspensials connected with the imperfect assimilation of food. Hence, apart from functional disturbance of the organs concerned, the health of the body is seriously threatened by impaired nutrition. Every care should therefore be taken to avoid dyspepsia and its attendant evils. One of the best medicines to take for most of the forms which this condition assumes, is the tried and trusted remedy of seventy years standing -Beecham's Pitis. This excellent preparation, possesses in a remarkable measure the power to strengthen and regulate the action of the stomach, fiver and bowels. To relieve, cure, and avoid dyspensia and Its dangers it is only necessary, in the majority of cases, to take
